RE: Alternatives Documentation for the proposed Woodland Road project; DEQ File
No. 09-52-0086-P.

Dear Mike,

At our meeting yesterday at the Fish & Wildlife Service office in Marquette I provided you with copies of routing plans for Alternatives 8, 9, and 10, which include table outlining wetland impacts and stream crossings. Two additional sets were provided at our meeting today, with one set given to Cary Gustafson. These alternatives were explained in my letter to you dated March 29, 2010.

I also provided you with 3 compact discs (CDs) that contain the routing plans mentioned in the preceding paragraph, the map showing all alternatives evaluated for the proposed Woodland Road project, and my March 29, 2010 letter to you regarding these alternatives.

Thank you.

Sincerely,

Charles L. Wolverton
